1st Edition

LabSoft Classroom Manager 4.0

Administration, customisation, examination, assessment

Your benefits

- **Optimal use of resources**
  Utilize the didactic concept of Lucas-Nülle's training systems optimally with the help of the Classroom Manager.

- **Minimal administrative effort**
  Save time and paper through electronic management of all LabSoft courses and students in LabSoft Manager. Organize content, user groups and users.

- **Continuously maximized learning success**
  Customise your LabSoft courses to individual users' current requirements with the help of the LabSoft editor. Create your own questions, experiments, measurement exercises and courses which become available to students immediately.

- **Constant monitoring of knowledge levels**
  Create tests in the test creator quickly and easily with just a few clicks of the mouse. Use prepared collections of exercises including questions and measurement tasks to verify acquired knowledge and practical competence.

- **Complete overview at any time**
  Recall learning progress and test results at any time using the LabSoft Reporter. Clear selection functions lead rapidly to the desired overview.
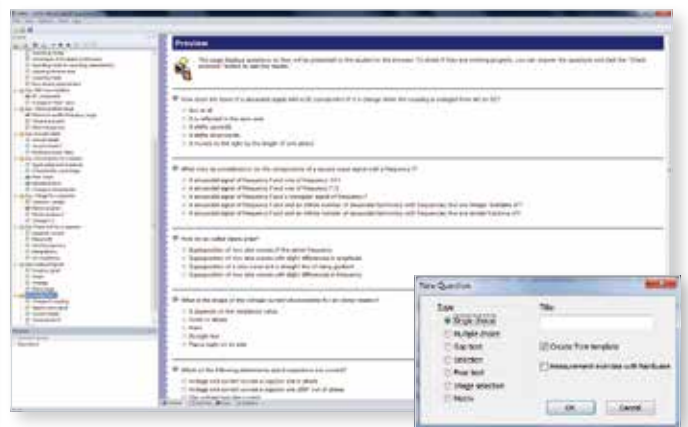

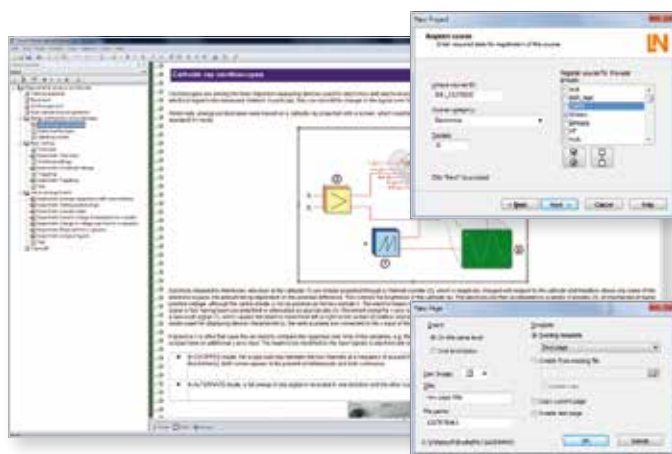

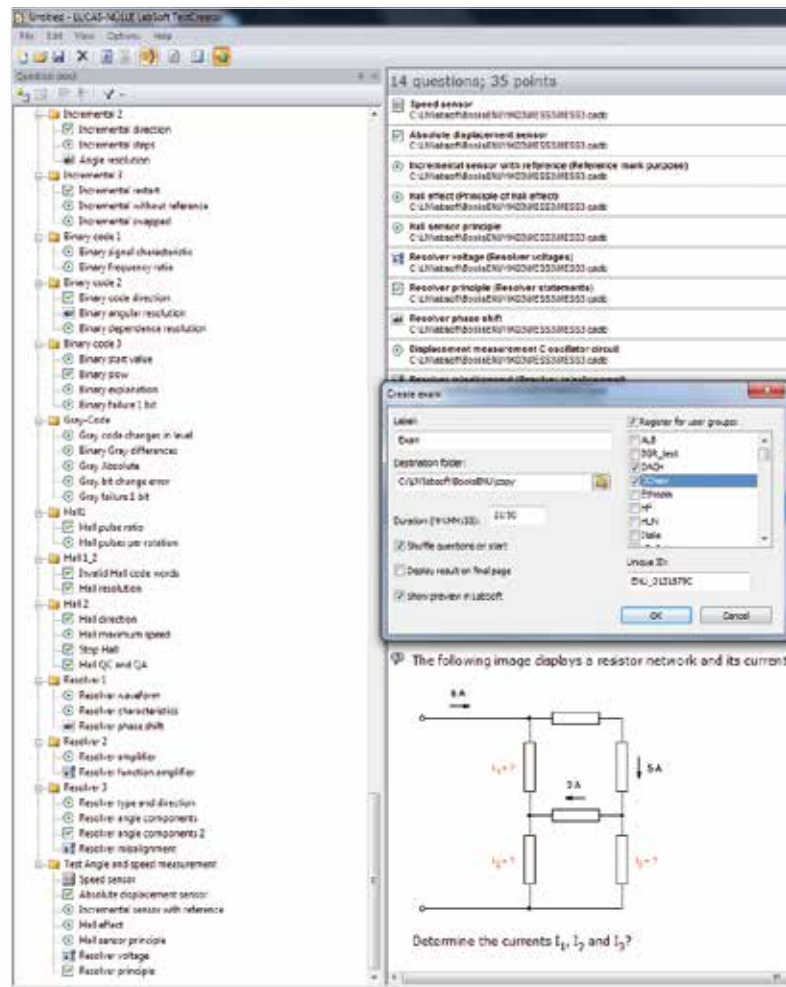

Numerous wizards in the LabSoft Editor assist creation of new courses and guide the user step-by-step through the necessary details.

The **LabSoft Questioner** provides many prototypes for creating questions, **measurement tasks and exam problems**. The exercises and questions can be added to courses and tests.

Total time: 21:50
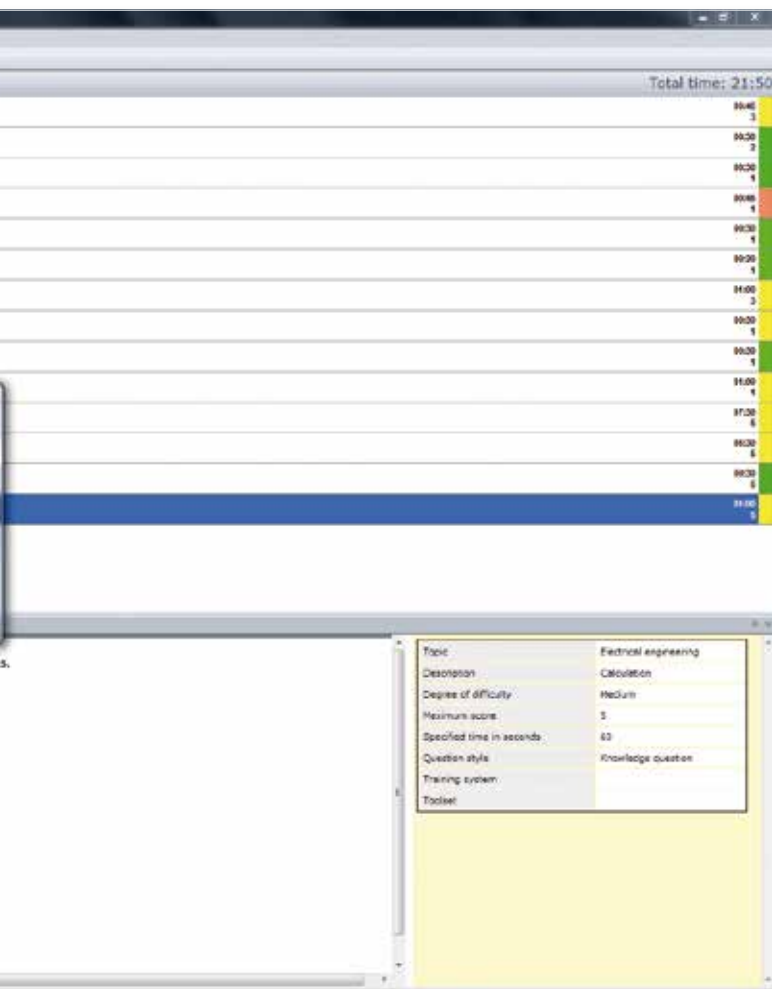

LabSoft TestCreator can be used to create tests for examining acquired knowledge and practical compe- tence simultaneously. Filter functions assist manual and automatic selec- tion of test questions.

Features
- Manual selection of questions
- Automatic selection of questions
- Filter functions for question groups
- Question preview window
- Automatic creation of tests
- Preview of ready tests

Prepared collections of exercises
Create tests more efficiently with the TestCreator and its prepared collections of exercises concerning various sub- domains of electrical engineering (obtainable separately).

Available collections of exercises
- Electrical engineering
- Digital technology
- Installation technology

Further collections available soon.

Topic	Electrical engineering
Description	Calculation
Degree of difficulty	Medium
Maximum score	5
Specified time in seconds	60
Question style	Knowledge question
Training system	
Toolset	

Manage your LabSoft courses, students and their groups with the **LabSoft Manager** to make the appropriate educational content available to students at all times.
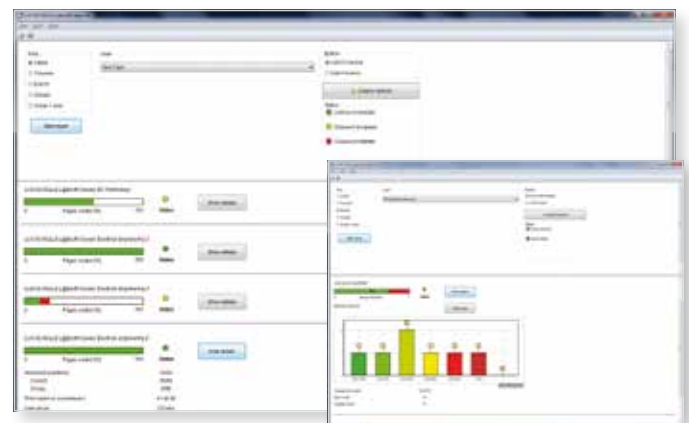

Learning progress and test results are presented by the **LabSoft Reporter.** Numerous evaluations of results achie- ved individually or collectively in courses and tests permit selective monitoring.
